welcome

I am thrilled to be joining the Bonnie Brae community! It's going to be a wonderful year of learning and fun! My role is to support students, families, and staff in the broad range of advanced academic services provided at Bonnie Brae.

I am eager to partner with you this year. Please reach out with any questions. I look forward to working with you and your learners this year!

a little about me

I am honored to be entering my 20<sup>th</sup> year teaching, having served as a general, advanced academic, and math resource teacher. To share a little more about me, I graduated Virginia Tech (GO HOKIES!) in 2003 with a Masters in Curriculum & Development. I have been a National Board Certified Teacher since 2008. In 2017, I earned my AAP Endorsement and went on to teach advanced academics at a center school. This year I am excited to support the Bonnie Brae community as your Advanced Academic Resource Teacher (AART)!

When I'm not teaching, you'll likely find me traveling, spending time outdoors, riding my Peloton, reading a good book, and spending time with family and friends.
